DETAILED ACTION

1. This Office Action is in response to the Amendment filed August 3, 2004. Claim 19 has been added and claims 1-19 are now pending. In view of the Amendment, claim objections are removed and the rejection of claims 1-16 and 19 under 35 USC §102 over Ting et al. (US 5,389,400) is also removed. The rejection of claims 17-18 under 35 USC §102 over Ting et al. are sustained.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 17-18 are rejected under 35 U.S.C. 102(b) as being anticipated by Ting et al. (US 5,389,400).

The rejection is adequately set forth in paragraph 5 and is incorporated herein by reference.

Response to Arguments

4. Applicant's arguments filed August 3, 2004 have been fully considered but they are not persuasive.

Ting et al. (US 5,389,400) disclose a carbon/carbon composite. However, Ting et al. does not teach or fairly suggest a composition comprising nanoparticles **homogeneously dispersed throughout**. Thus, claims 1-16 and 19 are allowable. In view of claims 17-18, such limitation is missing, which indicates that the nanoparticles are not necessarily homogeneously dispersed throughout. Accordingly, the rejection of claims 17-18 under 35 USC §102 over Ting et al. are maintained.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
